

TECH STRATEGY TOOL KIT FOR PRACTICAL TECH ADOPTION |

Emerging Tech Adoption For
Industry and Enterprise Use Cases

The journey to find + adopt emerging tech for industry use cases is challenging

Your journey as a *Tech Seeker* includes standard adoption "proof points" and organization-specific challenges

We built resources to address industry-specific challenges finding and adopting tech for peculiar and sensitive use cases

We understand your challenges because we have lived them

Modules selected for you, based off your indicated needs

The detailed and practical method, how to use it, how to apply it, and helpful hints to help with understanding

An example of the resource for and your outcome from method execution

Modifiable frameworks and resources to fit your strategy, branding and presentation

User-centered design to make detailed methods simple and outputs compelling

70+ modules from over years of experience apply the methods to address real client needs and guide tech decisions

We have applied our Tool Kit with both Tech Builders + Tech Seekers

We have enabled both with *Tech Builders* and *Tech Seekers* to develop and adopt emerging tech

We serve the ecosystem as a connector and “boundary spanner” for the emerging tech ecosystem

AUTONOMOUS GROUND VEHICLES	UNMANNED AERIAL SYSTEMS & DRONES	EXTENDED REALITY & FUTURE OF WORK	OTHER EMERGING TECH APPLICATIONS	INDUSTRY TECH SEEKERS

We understand solution design for sensitive + challenging use cases

We have **lived your Tech Seeker journey** in both Tech Builder and commercial innovation programs

We think in **proof points, operational impact** and **ROI**

We have mapped the pathways and steps for **industry adoption** of emerging tech

We provide **tailored, scalable** and **multi-functional** resources not available from traditional tech or management consulting companies

Our support is a force multiplier, enabling you to increase impact and ROI of resources to quickly mature products and scale revenue growth

Our resources support each phase of your tech adoption + validation for operational ecosystems

Our resources and expertise are designed to help a key points throughout the journey from identification of needs to emerging tech adoption at scale

PHASE 0 | INITIAL ENGAGEMENT

PHASE 1 | INITIAL PROOF OF CONCEPT & PILOTING

PHASE 2 | LONG-TERM ECOSYSTEM GROWTH

NEEDS ASSESSMENT	TECH BUILDER ASSESSMENT	ECOSYSTEM ADOPTION STRATEGY	PROOF OF CONCEPT	SCALED ECOSYSTEM ADOPTION + ROI

			Prototype Solution / Service	Ecosystem Solution / Service
			POC Validation & Assessment	Ecosystem Solution / Service
				Ecosystem Solution / Service

Zylter resources + support have clear ROI & long-term operational benefit

For winning resources to support your tech adoption, impact and ROI are king. Our *Tool Kit* delivers measurable ROI and outcomes to achieve key proof points for enterprise tech programs, to include:

Increased Impact of Tech Adoption Programs

Actionable analysis identifies specific applications and requirements to prioritize scouting and adoption efforts

Reduced Time to Solution Maturity

Increased speed and efficiency of product development with a data-driven product roadmap and adoption strategy

Decreased Time to Operational Adoption

We deliver actionable strategies based on deep knowledge of the industrial operations and enterprise acquisition processes

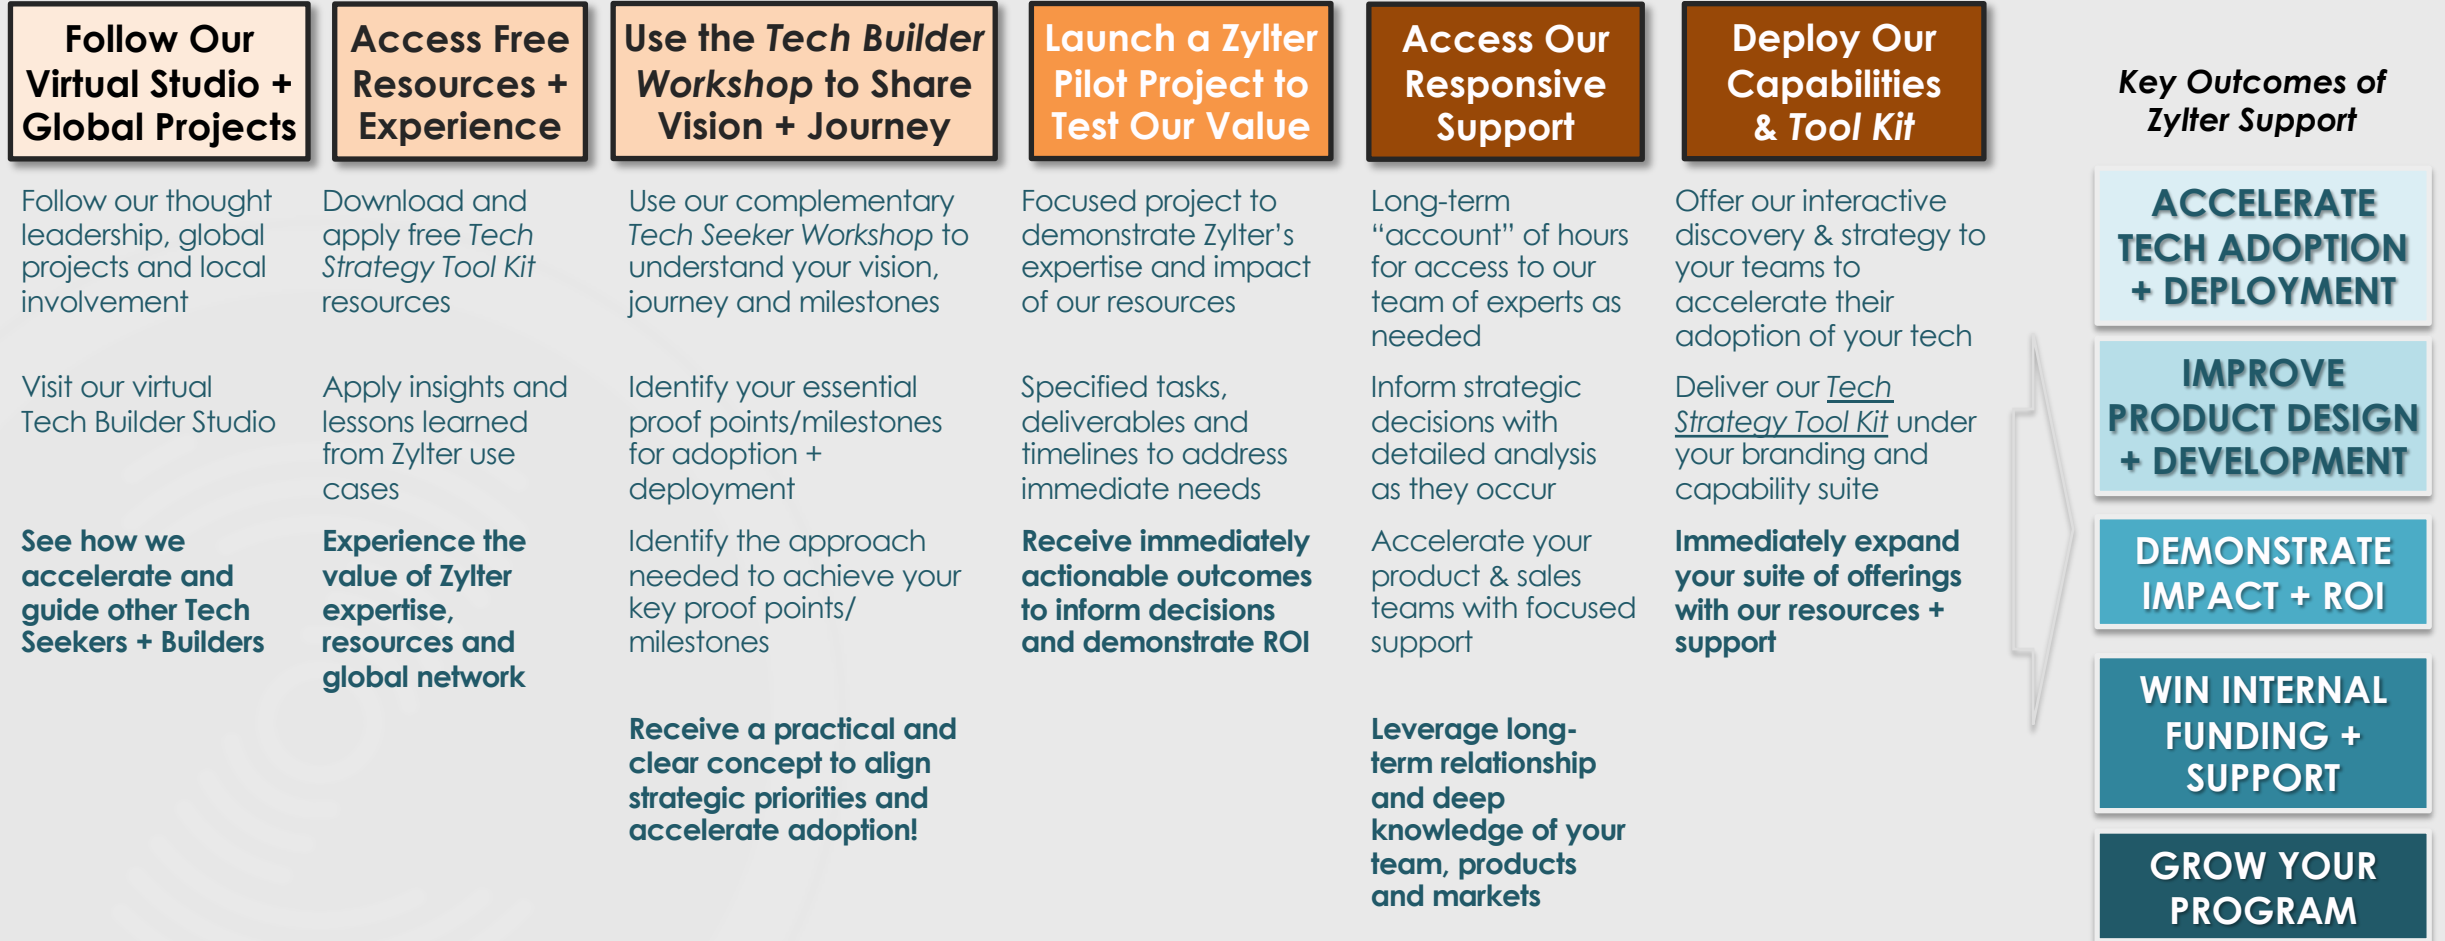

Improved Speed + Perspective of Adoption Strategy

Responsive support provides *Tool Kit* resources and expertise when/where needed at a fraction of the cost for full time equivalents (FTEs)

Our interactive approach is designed to support your tech journey

Our engagement process shares knowledge early and demonstrate the value of our *Tool Kit* and expertise up front

Next Steps to Access Our *Tool Kit & Expertise*

- 1. Follow Our Growth:** Like you, we have a growing portfolio of projects, initiatives and thought leadership. Check in and check us out...
- 2. Check Out Our Work:** Visit the [Zylter website](#) and our [LinkedIn page](#) to learn more about our approach, capabilities and experience. We love to show and tell!
- 3. Leverage Our Free Practical Resources:** Visit our website to access resources from our [Tech Strategy Tool Kit](#), [case studies](#) and [thought leadership](#). Well-designed resources for your immediate use.
- 4. Set up a Tech Seeker Workshop Session:** Request a free Tech Seeker Workshop session so we can understand your journey, provide some immediate insight and demonstrate the value of our perspective
- 5. Try Out Our Support:** Launch a pilot project to see how our team and resources deliver immediate value and impact. We are happy to be tested!

We think IT* through with you.
